LONG STORY SHORT

Since 2019, BOUNTY KILL has stood for power, melody, and a huge dose of fun. We celebrate our music with the same excitement we felt at our first McDonald's birthday parties as kids. After years of songwriting, countless gigs, and recent lineup changes, we are now presenting our brand-new "Metal Magic Sauce" featuring over 13 original songs live!

With a new vocalist and a polished studio sound, we are releasing our album at the end of the year including all tracks from our debut EP "Death Or Glory" (2025), alongside other metal anthems packed with "heavy melodic power."
